Refining Radiology

Cardiovascular Workshop

Sun 15 & Mon 16
April 2018

Dubai,
UAE

GENERAL OVERVIEW

Objectives

The aim of the level 2 course is to learn a systematic way to review, enhance and interpret the large amount of data available from a single cardiac CTA study that can be adapted to any modern workstation. Although more focus will be done on CTA, Cardiac MR will also be covered.

Registration Details

For info about registration please send an e-mail to :
cme@medical-professionals.com
Or call: +961 1 974 800 ext.209 or +961 3 10 46 13

Date: Sunday 15 and Monday 16 April, 2018

Location: Lancaster Tamar Hotel - Hazmiyeh, Lebanon

Target Audience

- Cardiologist
- Radiologist
- Radiology Resident

Highlights

- Each session will last 3.5 hours starting with a lecture on relevant topics
- Hands-On Case Studies will follow on Workstations: a total of 40 "Live cases" using CTA and CMR
- At the end of each session, cardiac CTA or CMR relevant cases will be performed as case reports or quiz to demonstrate multi-modality interaction and the use of new techniques and features as 4D-Flow MR or T1/T2 Mapping
